

# St. George and The Dragon Walk Activity – Swords

You will need:

- Cardboard
- Glue
- Brown Parcel Tape
- Clear Tape
- Tin Foil
- Paint (optional)
- Scissors

How to make the swords:

1. Draw around the sword template on cardboard
2. Cut out to make a sword
3. Wrap the blade of the sword in tin foil, securing in place with glue
4. Wrap the hilt of the sword in brown tape, securing the foil edge
5. Add painted decoration to the hilt if you wish, when dry cover with clear tape to prevent transfer of colour to hands

Safety: Make sure young people are appropriately supervised when using scissors, glue and paints.

There is a sword template for you to use to draw around.  
The template is A4 so depending on the section, you could change it to A3 to make a bigger sword.
