

Festive Fun and Games

A few ideas for some festive activities

Please note that any festive crafts can be used to make this one week programme plan.

Programme Planner

Arrival	Snowman Beetle Drive
Story	The Dinosaur that Pooped Christmas (or any other festive story)
Activity	Reindeer Bags
Activity	Snowman Pictures
Game	Festive "Fruit Salad"

How to run each part of the programme:

Snowman Beetle Drive

How: Participants are split into pairs and have a sheet each and one dice per pair.

Pairs take turn to roll the dice to complete the snowman picture, only adding the features in order.

Reindeer Bags

Prep: Cut the handles off the top of the lunch bags.

How: Participants fold over the top of the bag and make "antlers" using two pegs.

Stick on eyes and add a nose too.

These can be left flat, or when dry, sweets can be added.

Snowman Pictures

Prep: Split the Cotton Pads into two layers and use fluffy side up.

How: Participants stick two pieces of cotton pad onto the card, fluffy side up, to make a snowman shape. Draw on eyes and buttons and then stick on a ribbon scarf.

Everyone then cuts their own carrot nose and sticks it on the picture.

Festive "Fruit Salad"

How: The usual run-around game but with festive items of your choice.
