

Firework Fun

A few ideas for some firework activities.

Programme Planner

Arrival	Colouring
Story	Kind
Activity	Firework Painting
Activity	Edible Sparklers
Activity	Firework Dancing
Discussion	Firework Code

How to run each part of the programme:

Firework Painting

Prep: Make firework dabbers by cutting straws at one end into multiple "fingers".

How: Participants spread the ends of the pre-cut straws by pushing onto a tabletop. Then dip into paints and make firework explosions on the black paper.

Edible Sparklers

How: Participants, under careful adult supervision, hold the chocolate stick over the candle flame until the chocolate covering starts to melt. Roll the stick in a plate of 100's and 1000's. Place on paper plate to dry and take home to eat.

Firework Dancing

How: Participants dance to music (any song will do) waving ribbon sticks to make firework shapes in the air.

Firework Code

How: Participants sit in a circle and discuss the Firework Code.

Take time to ask them to contribute to the talk and ensure they understand why it is important.
